

Mama Chila's success at achieving the American Dream has created a legacy for her 5 children, 12 grandchildren, 21 great-grandchildren, and 2 great-great-grandchildren. Her greatest joy is her family, and she beams with pride and joy as she sees them living accomplished, productive lives, with nearly every child within the third generation graduating college or on their way to receiving bachelor's and master's degrees.

A caring, polite, smart, well-dressed, and classy lady, Mama Chila continually says that she may not remember what she had for dinner, but that "nothing hurts," for which she is grateful.

This centurion woman is remarkable, and her family hopes she will live to be a 103-years-old like her padre, for whom she cared for, as well as her mother, until their eternal rest.

Madam Speaker, it is my great privilege to honor this humble, hard-working woman. It is women and madres like Cecilia "Mama Chila" Delgado who help make our country great by serving as role models to their children and community. She and her multi-generational family are a shining example of how immigrants seeking the American Dream have made our nation stronger.

**HON. PAT FALLON**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, November 10, 2022*

Mr. FALLON. Madam Speaker, I am honored and privileged to award Seaman James Murphey with a Congressional Veteran Commendation. His service and sacrifice through the United States Navy exemplify his national pride and embodiment as a role-model citizen to serve the country he loves. Seaman Murphey is truly an ideal candidate to receive the Congressional Veteran Commendation.

Seaman Murphey is a true American patriot who served during the Korean war. He was aboard the USS *Seminole* which transported many prisoners of war. The ship was considered an attack cargo ship and the *Seminole* won herself the distinction for being one of the busiest cargo handling vessels throughout WWII and the Korean war.

Seaman Murphey stepped up to the challenge when his country needed him the most. With no complaint, Seaman Murphey entered the Korean war with patriotism and grit. As a Storekeeper, his various responsibilities revolved around maintaining the ship.

Seaman Murphey is a man who has lived a life full of perseverance and the mindset of never backing down from hardships. But maybe most important of all, Seaman Murphey is a true family man, sometimes working two or three jobs at once to support his wife and four children.

I am beyond honored to have Seaman Murphey in Texas' 4th Congressional District and am privileged to award such a distinguished citizen for his sacrifices.

HONORING THE 160TH ANNIVER-  
SARY OF THE BEER INSTITUTE

**HON. RODNEY DAVIS**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, November 10, 2022*

Mr. RODNEY DAVIS of Illinois. Madam Speaker, today, I would like to commemorate the 160th anniversary of the Beer Institute, one of our nation's oldest trade associations, which represents the \$331 billion beer industry—an industry that employs more than two million Americans. Founded on November 12, 1862, the Beer Institute has advocated on behalf of the beer industry for nearly two-thirds of our nation's history. As a Beer Institute 2022 Beer Champion myself, I am proud of my long and accomplished relationship with the Institute and have genuinely enjoyed the many years of advocating with the Institute for such a vital and growing industry.

160 years ago—amid the Civil War—representatives from 37 breweries met in New York City to address a new federal excise tax on beer to fund the war effort. With a primary focus on fair taxation, they formed the United States Brewers Association (USBA). In 1920, when the federal government instituted Prohibition, the USBA worked with brewers to adapt to and survive these changing political realities. Thankfully, in 1933, Prohibition was repealed under the leadership of President Franklin Delano Roosevelt. Following the close of the Second World War, the beer industry wanted to demonstrate that beer has a place in everyday life. The USBA launched an iconic advertising campaign, "Beer Belongs," which depicted men and women enjoying beer as an integral part of the American way of life. The middle of the 20th century also saw the advent of light beer and aluminum cans, which changed the face of the industry we know today.

The USBA officially reorganized into the Beer Institute in 1986, opening membership to beer importers and industry suppliers. With a new name and infrastructure, the Beer Institute was ready to take on the challenges of the 21st century.

Today, the Beer Institute continues to advocate for sound public policy and fair tax and regulatory frameworks for brewers and beer importers. True to its roots, the Beer Institute was pivotal in the passage of the Craft Beverage Modernization and Tax Reform Act, a bill which I cosponsored and strongly supported. This legislation provided a historic excise tax reduction for brewers and importers of all sizes, reaffirmed that not all alcohol beverages are the same and allowed them to reinvest in their businesses and their people. The Beer Institute also takes a leadership role in promoting responsible alcohol advertising and marketing, as well as the moderate consumption of alcohol, including an increasing number of low- and no-alcohol beers.

I am proud of the beer industry's massive economic and cultural impact on our nation. As a man who enjoys a cold American-made beer, specifically Busch Light, I am forever grateful for the Beer Institute's long and storied history of supporting one of our nation's most cherished industries. I offer them the best for the next 160 years. Cheers.
